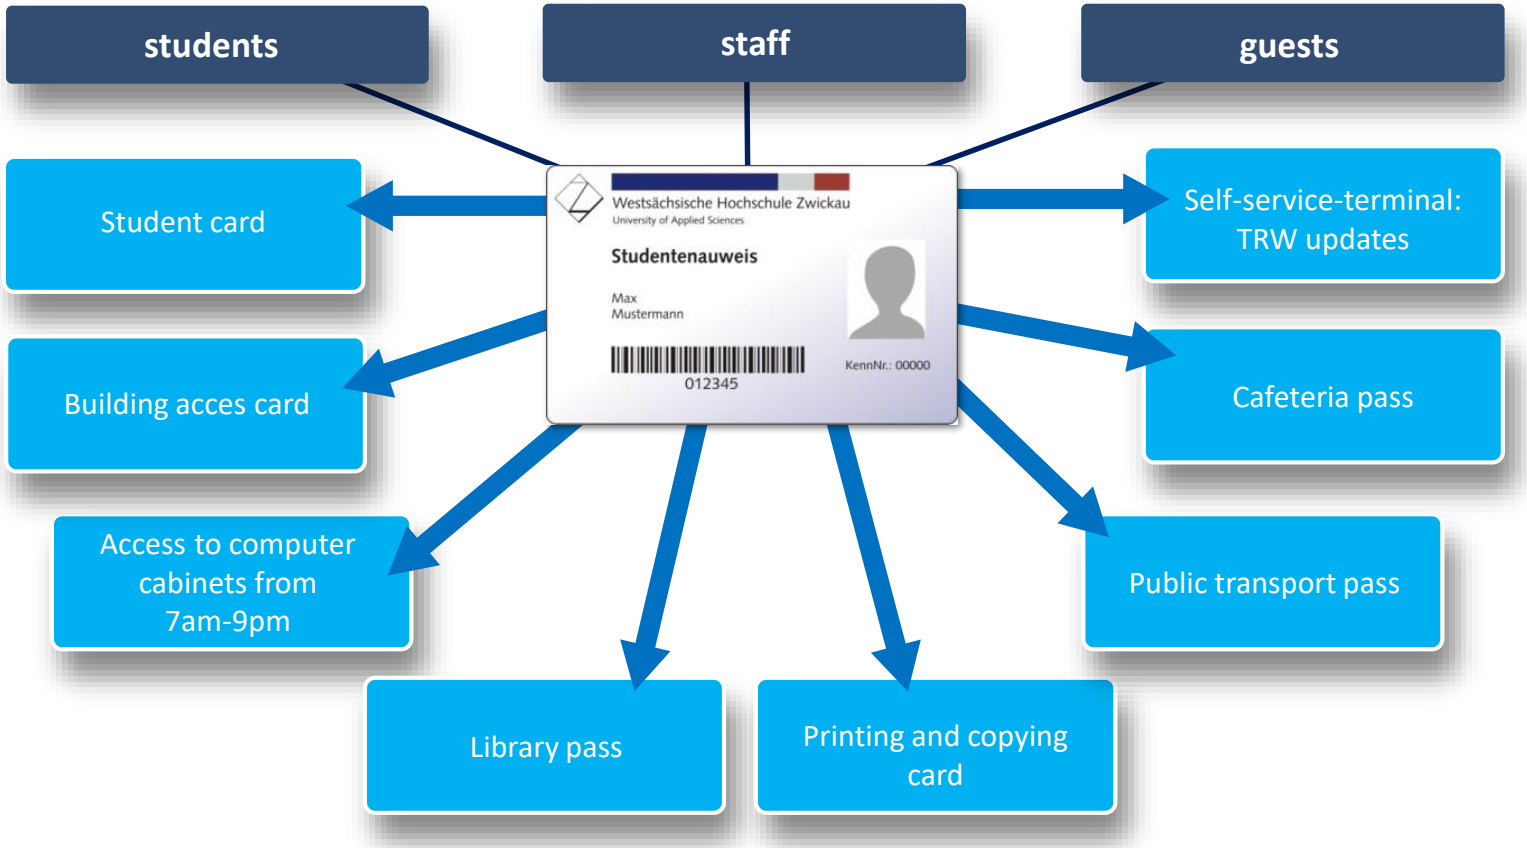
Multifunctional Chip Card



https://www.fh-zwickau.de/zki/anleitungen-infos/studentenausweis-chipkarte

Part of User Regulations of the ZKI:

§ 9 (2) M E R K B L A T T 1/94

for students

When using chipcards for door opening, the following must be observed:

1. The chip card is personal and may not be passed on to other persons.
2. Access to the computer-pool is only permitted to the card holder outside the course of lectures!
   It is not permitted to allow access to other or unauthorized persons. This is also true, when knocked!
3. The doors must be closed immediately after opening, even if the pool is left only for a short time.
4. The card is to be stored safely. If the card is lost, it must be blocked for its own security at:
   https://mobile.fh-zwickau.de/verlust/
5. The card entitles you to use the computer cabinets in a fixed time. The times depend on the opening time of the building and depend on this room in each computer cabinet. At least 2 persons must be present in the computer-room to avoid the dangers of a one-man workplace. Should only 1 user in the pool work in the exceptional case, this call the operator immediately. Tel .: 1215
   This exceptional case is only possible on Mondays - Fridays from 7 am - 9 pm!
6. The employees of the ZKI are entitled to control the users in the computer cabinets.
   The users have to legitimate themselves with card! If they can not, the computer-pool is to leave immediately!
7. If any problems occur with the use of your magnetic card or have been lost, please report this to the customer immediately Employees of ZKI.

Part of User Regulations of the ZKI:

§ 1
Scope of Application

(1) The user regulations apply for all systems connected to the communication network of the WHZ, irrespective of membership status at the WHZ for all users, system operators, and service providers.

(2) The user regulation regulates:

1. Access for users of the information, communication and data-processing services offered by the communication network at the WHZ.
2. The rights and duties of users.
3. The tasks, rights, and duties of the ZKI as system operator and service provider for the users.

Part of User Regulations of the ZKI:

§ 2
System Operators

The system operators are:

1. The ZKI for all computer systems, computer rooms, and the communication network of the WHZ.
2. The relevant structural unit for other decentralized computer systems. (e.g. telecommunication systems, computer labs, computer-supported measuring stations etc.).

Part of User Regulations of the ZKI:

§ 3
Service Provider

The service providers are:

1. The ZKI for all standard IT services provided: central user administration, including administration of email addresses, provision of storage resources, protection of data files, software delivery, operation of various central servers.
2. The university library with a range of information in electronic form.
3. The "Rektorat" (university administration) and central administration with a range of information in electronic form.
4. All departments and central facilities which provide or offer information or services in electronic form.
5. Student representatives, institutions outside the WHZ, and promotional facilities and associations following application procedures according to § 5 of the ZKI.

Service providers according to § 3 sections 2 to 5 are providers, independent of where the relevant server is. If the server is with the ZKI, it will be administrated by the ZKI. If the server comes from a service provider, this is to be first presented to the ZKI in writing. The ZKI as operator of the communication network of the WHZ has the power of veto and is the technical decisional authority.
For the content of the services the relevant service provider is legally responsible.

Part of User Regulations of the ZKI:

§ 4
User Group

(1) The following groups are authorised to use the computers/systems:

1. Students of the WHZ as part of their degree course.
2. Professors and staff of the WHZ to carry out their tasks.
3. Students, professors, and staff of other universities of applied sciences in the Free State of Saxony, or universities of applied sciences outside of the Free State of Saxony, based on agreements.
4. Other individuals and legal entities (freelancers, contract teachers, interns upon agreements, if the interests of users from parts 1 to 3 are not affected).

(2) Proof of eligibility for students is the student card, which is to be shown upon request to the head of the ZKI or other appointed person.

Part of User Regulations of the ZKI:

§ 8
Duties of the Users

(1) The user is obliged to use the available equipment, resources and consumables responsibly and economically. The user is also obliged to refrain from and avoid interference with any operation which could cause harm to the DV system or other users, as far as it is foreseeable.

(2) The user is to refrain from every type of misuse of DV systems. In particular, they are obliged to actively participate in maintaining security on the communication network.
This includes the following in particular:

- Protecting access to the DV resources by appropriate means and measures.
- Taking precautions so that unauthorised access to the resources from third parties can be prohibited.
- Reporting safety hazards and flaws to the ZKI immediately when discovered.

(3) The user carries the complete responsibility for their data and for every action which is undertaken under their username, including that from third parties, caused where access has been granted by the user, in violation of the regulation's obligations. They are liable for all damages caused to the university which arise out of gross negligence and releases the university from any third-party claims for damages.

Part of User Regulations of the ZKI:

(4) The user is further obliged:

- To adhere to the legal regulations when using the resources.
- To be informed about and to observe the conditions of using the resources. The software provided, unless explicitly expressed otherwise, is not to be copied or passed on.
- To adhere to the user regulations of the DFN association in cooperation with the user with the DFN communications services in the validated version (see attachment). Particular care should be taken to ensure that access to the scientific network and the internet is only used in keeping with the objectives of a state university and is not for commercial use.
- To refrain from actions on the net of a political nature.
- To refrain from actions which may infringe on or impair other users whilst carrying out official and student tasks.

(5) It is explicitly expressed that the following conduct is particularly prosecutable by law:

- Acquiring passwords, data espionage.
- Unauthorised changes, deleting, suppressing or disabling of data.
- Sabotage of computers and computer fraud.
- The distribution of propaganda from unconstitutional organisations or from racist ideologies.
- The distribution of pornography online.
- Insults and slander.

Part of User Regulations of the ZKI:

(6) The user is obliged to protect personal rights and the copyrights of third parties.

(7) The user is to refrain from all actions which could harm the reputation of the university either internally or externally.

(8) Should a user or system operator intend to offer services according to § 2 section 2, they will be deemed equivalent to a service provider according to § 3. The services offered are to be provided in writing and shown to the ZKI. The ZKI, as operator of the communication network of the WHZ, has the power of veto and is the technical decisional authority.

(9) When demands for online services result in commercial operations within the framework of recognised job-related tasks, the user is to inform the relevant department and/or university administration so as to ensure the allocation of the resulting costs to the cost centre *(Kostenstelle)*.

Hey you cute babes,

I am an athletic, handsome, ambitious career oriented man with a cute hair cut.
Since I am suffering from extreme exam stress, I am longing for compensatory physical activities.
You should preferably be female and not too skinny, but big boobs are a must have.
I am the proud owner of a bright red sports coupe, garanteeing unlimited mobility, so visiting you at home, in a hotel or your dormitory is no problem

Please contact me asap, don't be shy!

Yours Buster (my real name will be revealed after the first meeting, just wait and see).

P.S. I am also open to homoerotic experiences!

Please abide by our regulations.

Misuse or abuse will result in more complicated access to the network and increased formalities.

Violation of these regulations may result in the immediate loss of all access to available services.
