**"Hello, my name is Inigo Montoya, you killed my father, prepare to die."**

My name is Inigo Montoya. Count Rugen has killed my father. What should he prepare to do?

He should prepare to die.

Am I justified in killing him?

Yes, you are justified.

Why?

The Count killed your father, so you have the right to kill him in retribution.

Is he not entitled to trial before a jury of his peers?

No, the Count killed your father without trial, so you are not required to give him a trial.

Isn't the Count entitled to a trial by the Seventh Amendment to the US Constitution?

No, the Seventh Amendment only guarantees a trial by jury in criminal cases, not in cases of private revenge.
